

You have just received the World's first real time multi currency card... Enjoy!

Now you've received your EasyFX card you don't have to worry about running out of money when you're travelling, or getting the best exchange rate deal. You've made a wise decision!

The clever bit is that you don't have to buy currency in advance. If you do not hold a balance in your Spend currency, we will simply convert currency from the balance that you do hold at the time. You will always get your guaranteed great exchange rate at the time of transaction, so you can simply load GBP onto your account and then spend EUR in Paris, USD in New York, etc. VFX takes care of all your currency needs. If you want to buy currency in advance you can do that too, and we will simply debit directly in the currency you have already bought.

You can use your secure PIN-protected VFX Corporate card wherever MasterCard® is accepted, that is over 35 million merchant outlets worldwide, as well as over 2 million ATMs. So when you're going abroad your VFX Corporate card is the ideal travel companion.

Getting started

- / Sign the back of your VFX Corporate card immediately.
- / Log onto your VFX account and under "Admin" select "Currency Cards". Simply click on the "Activate" button for the Card that you wish to Activate.
- / Once the card is activated click on "Get PIN" for the initial PIN.
- / Under Admin select "Add debit card" to enable you to easily "Top Up" via the App.
- / If you are unable to logon or need further help, please call us on +44 (0) 800 358 4919.

You've got the card, now get the App!

If you need to buy currency, make payments or check the balance of your account while you are out and about, the App is the perfect solution. Just search for "easyfx mobile" and select the Android or Apple link for your chosen device. Install and then log into your account - simple!

Benefits of a VFX Corporate account

We are in the business of making foreign exchange simple – all your payments and receipts in one place. VFX is the most advanced online solution in the marketplace, giving you full control of your currency exposure in the most efficient and profitable manner.

- ✓ 24-hours a day, seven days a week online access to services and the ability to trade the major currency pairs, even on the week end.
- ✓ Free multi-currency accounts can be automatically created online whenever required and on demand.
- ✓ View real time currency charts, including useful historical movements.
- ✓ We can work orders including Limits, Stops and 'Up & Down' alerts, all sent via pop-ups online or by SMS.
- ✓ You can store payee details securely and make overseas payments directly from your account.
- ✓ Check rates, buy currency and make payments via your smartphone or tablet using secure pin-encrypted technology.

And the best news? The VFX service is completely free and without obligation.

Using your VFX card

You can use your VFX card to make cash withdrawals for amounts up to £1000 or equivalent value in other currencies per day at any ATM worldwide that accepts MasterCard®.

You can also make payments using your VFX card at any merchant outlet worldwide that accepts MasterCard. Please note that some restrictions may apply.

Transactions in local or home currency

If you are using VFX card abroad you may be offered the choice of making your transaction in the local or home currency. We recommend that you make transactions in your supported card currency to avoid incurring additional conversion charges.

Monitoring your account

It is easy to keep a check on what you are spending – just go online or use the App. You can check your balances or easily load money into your account via the Top Up facility.

What you get with your VFX account

Manage your trades and payments online

VFX Online enables you to monitor your favourite currency pairs, set alerts for specific exchange rate levels and access live streamed charts wherever you are in the world – all day, every day, even at weekends.

And if you want to make a trade, set up a buy limit, send onward payments or check multi-currency balances and statements, it can all be done quickly and easily within VFX Online.

Simply log in to your account at www.vfxplc.com

Access to expert help

Important security information

Loss, theft or fraud

In the event of loss, theft or fraud or any other risk of unauthorised use of your card you can easily Block your card. To do this simply Log onto your VFX account and under "Admin" select "Currency Cards" and click "Block" against the card that you wish to Block. You can unblock the Card using the same button which will have changed to "Unblock". The Card Status will indicate if the Card is currently "Active" or "Blocked".

Please also inform our Customer Services at the same time. If you are uncertain please call our Customer Services on +44 (0) 800 358 4919.

PIN reminders

If you forget your PIN simply log on to your account for further information, or contact our Customer Services. You are able to change your Card's PIN at most UK ATMs in the normal way under "PIN SERVICES".

Customer Services number +44 (0) 800 358 4919.
